

REPORT FOR OISCA
WORLD WATER DAY
22ND MARCH 2022

W.H Smith Memorial School celebrated **World Water Day on 22nd March 2022**. An awareness programme on U.N Theme- **Ground Water- Making Invisible Visible** was organized for classes LN to 12 in which students learnt how to replenish ground water through planting more trees, recharge by nature through water cycle and rain water harvesting.

A softboard sharing information about U.N theme was prepared and displayed in the school premises.

During assembly, teachers choir sang a song on World Water Day stating importance of saving water.

A senior teacher of science Mrs.Anjali Tandon addressed the students of classes 6 to 8. In her speech she spoke about the importance of water, how it can be saved for the present and future generations.

Choir Song

What do we need when the land is dry?

Where do we go when the sun is high?

Many will answer "water is for life".

Water for you, water for me

Water for the animal, water for the tree.

Water for everyone in society.

We are working together, to keep our water clean

Treating water as a treasure, in our urban community

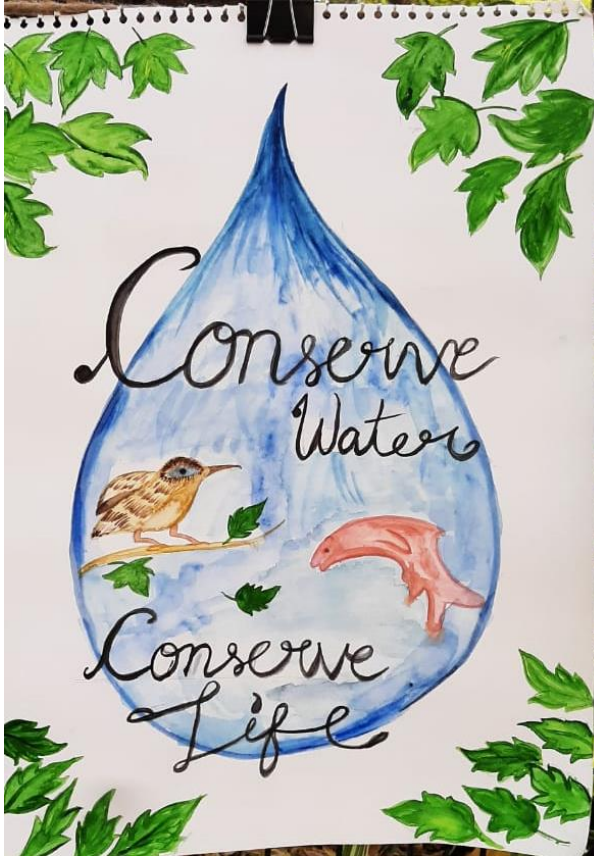

The careful use of this resource, is now on you and me.

A **documentary** on '**Conservation of Natural Water Resources**' was shown to all the classes. This documentary is prepared by the students of W.H Smith Memorial school.

Painting Competition was also held on the theme '**Save Water- Save Life**' in which many students from classes 9 to 12 participated. Many beautiful paintings were displayed under the Neem Tree.

The students who participated in this competition will be awarded with e- certificate.
